That it may be difficult or impossible to liquidate an existing position, to assess the value, to determine a fair price or to assess the exposure to risk. That for these reasons, these transactions may involve increased risks. Those off-exchange transactions may be less regulated or subjected to a separate regulatory regime.

I/We authorise IPS to liquidate at IPS discretion all or part of my/our position(s) if my/our Net Equity balance in my account(s) falls below 50% of the margin requirement or any other percentages which may be notified and determined at the absolute discretion of IPS from time to time.
